

After many difficult months for younger and older people, let's make it an

AUTUMN for

ALL AGES

From September to November 2020, let's bring people of all ages together to share what makes us human – fun and games, sport and music, arts and crafts, gardening and IT, history and shaping the future, meaningful connections, talking about our concerns and hopes

Social distancing may still be with us but there's a lot we can do together:

OUTDOORS enjoying sports and games, gardening, music and singing

ONLINE keeping in touch by zoom and facetime, phone and video

ON PAPER sharing letters and poems, art and photos, stories and history

OK? you will have lots of other ideas to make it an **Autumn for All Ages** – please share them with us and on social media. Thanks and enjoy!
